The Manor House, a grade II listed building, is a residential home for fifteen elderly in Seaton, East Devon. The home is a short walk from the town centre and seafront.

The proprietors live on the premises which they feel helps to ensure that high standards are maintained. The home has recently undergone an unannounced inspection by our regulators, the Care Quality Commission (CQC) and has been awarded a 3 star rating demonstrating excellent standards.

The Manor House has a cheerful homely atmosphere. Visitors often remark on how they are made to feel welcome at all times. There are well-trained staff on duty day and night. The Manor House has a small garden at the front and a courtyard garden at the back with a fish pond, bird feeders and often the resident dog and cat.

Our aims are to provide high standards of care, promote independence and to enable residents to live life as they choose. Residents are encouraged to follow their chosen pursuits and we provide a variety of entertainment such as quizzes & games. There are trips out around town and to the seafront and trips out in the charabanc. An activities/exercise organiser visits once a week. We have frequent visits from musical entertainers. Residents are encouraged to follow their chosen religious beliefs and a clergyman gives a communion service once a month. We always encourage residents to become involved in local events such as exhibitions

at the town hall, sea front fetes and the carnival. We have a visiting library service.

It is our policy to provide fresh high quality food from local providers. We cater for special diets such as vegetarian or diabetic etc...

We have fifteen single rooms, all fitted with a wash basin. Nine of the rooms also have an en-suite toilet. Residents are encouraged to personalise their rooms with their own belongings including small items of furniture if they wish. Each room is fitted with a Nurse Call system.

In order to ensure that the placement is suitable, prospective clients are encouraged to visit the home with their relatives prior to admission. The proprietors will also visit the prospective resident at their present accommodation. The first month after a resident is admitted to the home is a trial period to see if the resident is happy and to ensure we can provide the level of care required.

On admission a care plan will be made with the involvement of the resident and their relatives - this emphasizes the resident's potential to manage their own lives as independently as possible and to exercise their freedom of choice. Care plans are reviewed monthly or whenever there is a change in resident's care needs.

Fees vary depending upon the level of care required and whether the room has ensuite facilities. Fees include all care and accommodation costs, food, drink, heating, lighting and laundry. They do not cover the costs of newspapers, magazines, hairdressing, dry

cleaning, chiropody, treatment by dentists or opticians, or the purchase of clothing and personal effects. Fees at the date of printing average between £415.00 and £490.00 per week.

The proprietors recognize the importance of having highly trained staff to care for our residents and are committed to continuous staff development and training. We have a robust quality assurance system in place to help us to maintain and improve the quality of our service. As part of our quality assurance we use questionnaires and invite comments from all those who visit The Manor House. What follows is one comment from a relative of a resident:

"I have visited the home regularly. Every aspect of care has been of very high quality"

We would welcome the chance to show you around The Manor House - so if you are in the area just drop in at any time. If you require any further information please contact us directly.
